

PORTABLE NETWORK SOLUTIONS

SECURITY/SURVEILLANCE:

Need to live-stream? Have inconsistent coverage areas? Struggle with upload/download speeds? Always on the go? You need the best portable network solution, and that includes a Parsec antenna case! Don't lose critical communications when it matters most. With the antenna built into the lid of the case, it operates with the lid closed, so no need to worry about damaging the unit.

Golden Retriever &

Bernese Mountain Dog: 4-5 High Data Users | Up to 16 Low Data Users*

The size of these cases provide ultra portability for anyone to be able to carry and set up with a 1 button start. Our Golden Retriever and Bernese Mountain dog cases are perfect for small operations with only a couple of devices connected.

Golden Retriever

- Up to 5:1
- 14hr Battery Life
- 2X2 MIMO LTE
- 12in x 9in x 5in

Bernese Mountain Dog

- Up to 9:1
- 18hr Battery Life
- 6X6 MIMO LTE
- 16in x 13in x 7in

Compatible with Cradlepoint's IBR90R1900

St. Bernard: 10-15 High Data Users | Up to 64 Low Data Users*

The St. Bernard is a great all around case that offers a larger user count and better connectivity. The St. Bernard can run two separate LTE modems or one single CAT 18 with 4X4 MIMO LTE. The St. Bernard has a 20hr battery time offering all day connectivity.

St. Bernard

- Up to 9:1
- 24hr Battery Life
- 4X4 MIMO LTE
- 15in x 12in x 7in

Compatible with Cradlepoint's IBR1700; Pepwave MAX Transit Duo 5G

Newfoundland: 50+ High Data Users | Up to 128 Low Data Users*

The Newfoundland is our largest case giving you the most storage, and best connections. This case also gives the largest range of usable routers giving you options for connectivity. This rugged case gives you the option of up to 4 Ethernet ports, 2 USB connections, and a large portable battery.

Newfoundland

- Up to 13:1
- 24hr Battery Life
- 8X8 MIMO LTE
- 22in x 18in x 12in

Compatible with Cradlepoint's IBR1700, AER2200, E3000 router.
